

ROOSEVELT
ELECTED

Unlikely that Colonel's Name Will Be Presented at the Present Convention.

LIKELY FIRST BALLOT WILL NOMINATE TAFT.

Expected That All the Work of Convention to be Finished Today.

Chicago, June 21.—The Republican leaders directing the affairs of the national convention are going to try tomorrow to crowd the work up three days later. With permanent organization yet to be effected, with several important matters yet to be heard, with rules to adopt, a platform to be thrashed out and nominations for president and vice-president to be made, the convention will be called to order at 10 a. m. and every possible effort will be made to dispose of the accumulation of business before the adjournment of the session is taken.

Taft Will Be Nominated.
It seemed a foregone conclusion tonight that President Taft would be nominated on the first ballot. Mr. Roosevelt indicated that his name would not be presented to the "tailor-made" convention, if the delegates followed. Talk of a compromise candidate, dropped two days ago, showed no signs of revival. It was generally believed that the delegates instructed for Col. Roosevelt would offer his name despite his expressed desire.

The Roosevelt forces have not abandoned their fight. A hard struggle is in prospect tomorrow at the Texas and Washington contests. The new rules are a precipitate of heated debate, while the platform may be assailed by the La Follette delegates as well as some of the progressives in the Roosevelt faction. So it is with some trepidation that the leaders look forward tonight to accomplishing the herculean task before them by Sunday.

Threatened War Surface.
The platform makers determined tonight to disregard the question of tariff revision. A compromise has been reached. The platform declaring that the tariff be a matter for consideration and recommendation by the tariff board.

Mr. Roosevelt's leaders were loath to discuss tonight the probability that the column would not be placed in nomination. Mr. Roosevelt himself has repeatedly declared that he has nothing to do with the convention unless it is "purged of tainted delegates."

It was reported late tonight that Colonel Roosevelt would not be named in nomination, not to present his name unless the present election of the body should by chance be overturned.

Other Roosevelt leaders, not wishing to anticipate what seemed a fight to be inevitable, made no comment for publication, but indicated strongly that Mr. Roosevelt's name would not be presented.

Chicago, June 21.—The Taft-Roosevelt fight in the republican national convention further demonstrated their contrast of today. The controversy between the delegates was settled by their vote by majority ranging from a high vote of 665 to 444 to a high vote of 665 to 444.

The latter vote was in the platform committee, in which the Roosevelt rules for the selection of delegates by congressional district were defeated by a vote of 100 to 100.

After the California case had been disposed, however, the delegates seemed to be in a much more amiable and there was much fun and merriment during the late afternoon without serious opposition from any Roosevelt men.

Delegates Good Natured.
For a large part of the day the delegates were in a good humor. The galleries became infected and had fun. The delegates in the galleries joined in the fun and were not lifting their voices for both sides of the proposition and for both sides of the laughter when Chairman Root invited

himself to the floor.

Senator Root offered joined in the laughter himself and a few minutes later in the proceedings, he remarked "I am not a laughing matter."

Mr. Roosevelt, with the exception of the test vote on California, and the victory of the Taft forces in this fight left the smiling. Tomorrow the convention will be in its fifth day, and still is proceeding under temporary organization, a condition unprecedented in the history of the party.

The leaders are going at their task in earnest tomorrow and although many doubt their ability to do so, are going to try to get through with the nomination and everything else necessary by adjourning early Sunday morning.

SLEDGE CHAIRS
SWEET FIRE

Most Destructive Blaze in History of the Town Occurred Friday Afternoon.

THE CAUSE OF THE FIRE IS UNKNOWN.

Large Number of Citizens Were Attending Sports in Neighboring Town of Killam.

Special to the Journalist. Killam, June 21.—The most disastrous fire in the history of Sedgewick occurred this afternoon. About two o'clock smoke was seen coming from the house of Mr. Smithers, in the west end of the town. Unfortunately a large number of the volunteer fire brigade were out of town attending the sports in the neighboring town of Killam, but the citizens remaining responded to the alarm, and the two teams of horses and the manual were soon in action, and the fire was under control when the chemicals were exhausted.

Before they could be re-charged the fire gained considerable, and it was soon evident that the building was doomed. Closely adjoining the building was the Burns hall and a number of other buildings. The buildings all were of frame construction, and the fire spread rapidly. The cause of the fire is unknown.

Reports Received at Department of Labor Show Wages Better This Year Than Last.

HEAVY RAINS IN EAST RETARDED FARMING.

Orders Received by Industrial Concerns Give Indications of a Busy Season.

OWAGO, June 21.—The monthly report of the department of labor on industrial conditions for the month of May was pronounced during May and showed a marked increase in activity over the previous month. The report, which covers all parts of the country, shows that industrial activity generally is in a very healthy condition.

Agriculture, especially in the east, was adversely influenced by the heavy rains during the month, resulting in some considerable hindrance. An incident of the month, however, was reported as over the country in the form of a heavy rain, which was particularly affected by the call for more rain.

Don't fail to write your own notes. The most common error of editors is to make the responsibility to their bride, made in haste and give rise to many ridiculous blunders.

Don't make your notes perfunctory and stereotyped. A bride often makes a bad impression by her wedding notes to strangers that it takes years to write the same.

Blame Which the Four-Power Group Places in Connection With Chinese Loan is Due to U. S. Demand for Railway Concessions in China.

London, June 21.—Extensive and bitter criticism of the four-power group has been made today. The four powers—Great Britain, France, Japan and the United States—were blamed for the situation in China.

Although the official statement of the group was given out by the group, it is understood that the group is not in a position to make any statement at this time.

The state department to try to obtain the concession for a new railroad from Port Arthur to the Manchurian border.

That act frightened Russia into the belief that all means must be used to protect her position in the far east. She feared any new Manchurian railroad or any use in Manchuria of money loaned to China might render necessary an entire rearrangement of Russia's hold on the Manchurian border.

Russia's One Idea. For this reason her diplomacy in the present circumstances is directed to preserving the status quo in Manchuria. She would not hesitate to modify all the plans of the revolution rather than see her position in Manchuria endangered or even weakened.

There is also the consideration in Russian diplomacy that a revival of Chinese international troubles might lead about a situation which would justify international intervention in Manchuria and consequently greatly increase her power there.

BATLEY PARKERS SELECTION. Baltimore, June 21.—That the Democratic national committee will ratify the selection of Judge Alton Parker, of New York, as temporary chairman of the Democratic national convention, was the statement made today by national committee men who had been successful in the selection of the former presidential candidate from New York.

W. J. Bryan will be here Sunday and will be the guest of Judge Parker. In the meantime friends of Mr. Bryan may try to convince the national committee as they arrive to ascertain if the choice of the present committee can be set aside by the last election.

This week's new advance to China by the four powers without guarantee is a potent illustration of the evidence of the present situation, and it is believed will afford a sufficiently strong object lesson to bring Russia back to the track.

European chancelleries are inclined to blame the United States for the situation in China, but it is believed that the United States is the most unwise move on the part of the four powers.

EDMONTON NOT WINNING YET

Basano Won a Fairly Good Exhibition of Baseball, 5-0.

SOME GOOD PLAY FEATURED GAME

Whisman Pitched for Locals and New Man Was on Thrd.

The Edmonton team made a sudden change for the better last night, for although they did not win they put up a much better class of ball than on the previous evening. There was a sufficient amount of sensational play to make the game interesting and the play of the locals, although marred by a couple of errors, were not a fair play exhibition of the great basemen. The final score was 5-0 in favor of Basano.

The failure of the Edmonton team, again, was due mostly to their inability to hit. Whisman, who, although slightly out at times, was almost hitless. The locals got only one hit from the locals.

Chesky took out a good deal of steam as he hit home runs, but the game last night. Macklin's crew were robbed of several things that might have been seen. Basano was a fairly good pitcher, but he was not a very good one. He was not a very good one. He was not a very good one.

Players of Both Sides Roughed Things Up at Times During Second Half.

The St. Georges had very little trouble in winning out from the Y. M. C. A. last night, the final score being 4-1 in favor of the Englishmen. The game was not one of that particular variety, as considerable rough work was indulged in by both sides. Hard checking was the order of the day, and some big bumps were handed out during the first half. The Y. M. C. A. players were a hard check in the back in the first half, and the St. Georges players were a hard check in the back in the first half.

ADDITIONAL LAND FOR PARK PURPOSES WOULD COST \$63,000

Parks Superintendent Advises
Immediate Purchase in East
and West Ends

GREAT RAVINE LAND
IS OFFERED AT \$27,000

Sixty-three Acres of Rat Creek
Oa Be Purchased
For \$36,000

Members of the parks commission are asking the city commission to take immediate action to secure sufficient land in the northern part of Great Ravine and in the east end of the city, in the ravine through which Rat Creek runs. To ensure the city having beautiful park drive ways in both the east and west ends.

According to plans prepared by Superintendent Van Aulsebrook, of the parks department, and submitted to the parks commission at its meeting last night all the land required in the west end of the city at the present time can be secured for about \$27,000. Offers have been made to Mr. Van Aulsebrook by the owners, and it will be possible for the city to save some \$12,000 if the property is purchased at once.

Offers have been made by the owners subject to quick acceptance by the city," said Mr. Van Aulsebrook in his report, "and I would recommend that the city purchase these lots in order to get the right of way to a radial driveway connecting the west end city park with the park on the east link on the Saskatchewan river. This driveway would have a grade of one foot in four feet, and I would lead through a sheltered and wooded ravine. Parts of this property are already owned by the city."

The report also recommends the purchase of land on the slopes of the ravine on both sides of the driveway north of Riverdale park, to prevent the dumping of the driveway by having rubbish dumped on and on the rear of adjacent lots.

In the east end, along Rat Creek, the city would have to pay in the neighborhood of \$36,000 for about 63 acres.

"There may be various opinions as to the various prices being just and equitable," says the parks superintendent, "but I think we will not make anything by waiting. The history of the College avenue park site shows that."

"I further am of the opinion that with the gradual and inevitable absorbing of the West End Park by the city, it will be necessary in a few years to provide for a park in the east end. The Rat Creek ravine provides the prettiest and cheapest park available. It also provides a solution of the dumping grounds problem, for if it were filled to half its present depth it would form a spacious recreation ground, fifty to one hundred feet wide, one and a half miles long and sheltered by wooded slopes from thirty to seventy feet high. The amount of material required to reach this end would be nearly two million cubic yards. By a proper system of under-drainage this work could proceed in sections of 100 feet lengths, which would confine the material to a very short portion of the park and leave the rest for immediate use."

COURT AWARDS \$3,000 TO MADAME MORIN

In Libel Action Brought Against La Croix, Which Attacked Wife of Famous ex-Prime Minister—Justice Greenbushes Severely Scores the Defendant.

Montreal, June 21.—Justice Greenbushes this morning delivered his judgment in the libel suit brought by Madam Morin, a daughter of the ex-Prime Minister, against Joseph Hogan, publisher of the Roman Catholic paper, La Croix, which stated that Chénier, a woman with the name of wife although she was really his concubine.

His lordship gave plaintiff \$2,800 damages, and stated that he would deal with the question of the maintenance of the defendant, asked for by the plaintiff at another time.

The judgment of Justice Greenbushes seemed with attacks on the defendant for publishing what he called a malicious, humiliating libel, heaving the memory of a good woman. His lordship also characterized the defendant's conduct during the trial as marked by "a complete abandonment. In regard to the contention of David Latour, who signed an affidavit claiming that the plaintiff was not the daughter of Chénier, the judge said that there was no doubt but that Latour had mistaken an adopted daughter of Chénier for Mme. Morin.

Madam— ever light candles with dollar bills ?

Yet buying an American or other imported Corset instead of a "La Diva" or "D & A" is like lighting a candle with a Dollar bill. Only the dollar instead of going to ashes, goes to the government as customs dues.

Prove this by asking your dealer to show you a D & A or a La Diva at \$2.50 and any American or other imported corset at \$3.50.

Compare the material, the finish, the style.

We, as experts and manufacturers know that point for point our product will at least equal the imported article costing you \$3.50.

The reason is that when retailers buy a D & A or a La Diva they pay only

the cost of manufacturing plus a legitimate profit, whereas on the imported corset 35% duty is levied.

The duty adds nothing to wearing quality or style but does add one dollar to the price.

We are proud to state that under the British Flag or in the United States there is no finer, no better equipped corset factory than ours, nor is there a more efficient and better trained staff of corset workers anywhere in the world.

The steady growth of our business, shows that Canadian Women

appreciate the quality and price of D & A and La Diva Corsets, as our factory is by far the largest corset factory in Canada.

If you have no money to bum, examine the D & A and the La Diva Corsets and unless you are swayed by prejudice you will not favor the imported corset.

D & A and La Diva Corsets are sold by up-to-date stores throughout Canada.

D & A Corsets \$1.00 to \$3.50.

La Diva Corsets \$3.50 to \$5.00.
